

Alternative 3 is the same as Alternative 2

Western Dry Rocks Wildlife Management Area / Conservation Area

Protects an area of well-developed continuous reef, both inshore and deep reef areas with high coral cover and diversity. This area has ecological significance for supporting multi-fish spawning aggregations.

Marquesas Region

This map contains proposed marine zone alternatives for public comment. Proposed marine zone alternatives do not reflect agency decision at this time. For more details about the proposed alternatives and zone descriptions, including associated regulations, see Section 3.3 and 3.4 of this DEIS.
